#Loudoun County Attorney Leo Rogers has determined that text messages sent and receive during a Board of Supervisors committee meeting did not violate the Virginia Freedom of Information Act. <http://bit.ly/29JL32Y>

Chronological

Brian Davison Hey Michael Bragg, the Loudoun County government is now censoring my posts on their page without:

1. Any prior notice
2. Any opportunity for appeal
3. Without any violation of their policies

I think it's time to file that motion for preliminary injunction against both The Official Loudoun County Public Schools board and Leo Rogers of the Loudoun County Gov't. These Loudoun officials are completely corrupt. Loudoun officials are the embodiment of "ethical filth" (credit to Dick Black for State Senate for that term).

As Judge Cacheris noted in my "parting shot", will Loudoun County book a date in federal court by continuing to censor these comments?
